TRANSFORMING DESIGN INTO BUILD

TDX Quality offers full-service design-build and general construction services, which eliminates the inefficiencies of contracting with different firms for different phases of a project. Our experienced team maximizes communication, quality control, and cost savings at every step, from first inspiration to final inspection. As an Alaska Native corporation, we not only give you 8(a) contracting advantages, but also take pride in the reputation we have earned for always doing exceptional work that routinely receives raving client reviews.

FULL-CONFIDENCE WORKMANSHIP

TDX Quality's capabilities are comprehensive, enabling us to provide a streamlined procurement process and faster project delivery while ensuring project success. We have been in operation since 2013, part of a multi-specialized family of subsidiary companies under a parent corporation founded in 1971 under the Alaska Native Claims Settlement Act (ANCSA). Our team of industry leaders serve federal, local, and private customers throughout the United States, from new construction to renovation and rehabilitation.

OUR SERVICES AND CAPABILITIES INCLUDE:

- Prime Contracting
 - Design-Build Construction
- SCIF Design and Construction
 - Building Renovations, Additions
- New Building Construction
 - Energy Retrofits
- Pre-Engineered Buildings
 - SRM Projects
- Demolition
 - Large and Small

EXPERIENCE MATTERS

President of Construction Services Group, Daniel Formoso, is an industry leader who possesses an extensive background in all aspects of engineering and construction, from design-build to demolition and remediation. He has a well-earned reputation for building an outstanding team of professionals who deliver successful projects that exceed client expectations.

8(A) NATIVE CORPORATION AS PRIME CONTRACTOR

Working with a company that has SBA 8(a) designation allows you to contract with a proven company that has solid financial backing. You can propose TDX Quality for a direct award, even above competitive thresholds. In addition, a procurement can be sole-source and may not be protested. And there are other advantages.

8(A) NATIVE CORPORATION AS SUBCONTRACTOR

The Indian Incentive Program is a congressionally sponsored program that provides a 5 percent rebate to a prime contractor on the total amount subcontracted to a Native owned Economic Enterprise or Native owned organization in accordance with DFARS Clause 252.226-7001. DoD prime contractors with a subcontract worth \$500,000 or more that contains the DFARS clause are eligible for incentive payments. Contact us to learn how TDX Quality's 8(a) designation can benefit your company through a subcontractor.

LOCATION MATTERS

Headquartered in Anchorage, Alaska, TDX Quality, LLC has performed work in Alaska, Georgia, Nevada, New Jersey, North Carolina, and Washington. TDX Quality has offices in Alaska, Georgia, and New Jersey

TESTIMONIAL

"Management was highly effective and communicative throughout the period of performance indicated. Submittals and RFIs were addressed in a timely manner and on-site issues were handled quickly and effectively."
