TRANSFORMING CONCEPT INTO REALITY

Sand Point Services, LLC is an Alaska Native company providing U.S. military and other federal clients with full-service design-build and general construction services, both as the Prime Contractor and as a subcontractor. From conceptual design to final inspections, we provide you with a single source of contact, reducing the need for multiple contractors and streamlining your project for better efficiency, reporting, timelines, and cost savings.

FULL-SERVICE SECURE FACILITIES TO CIVIL UPGRADES

From new construction to rehabilitation, from the Arctic to major military bases, our multi-disciplinary team of experienced professionals provides you with start-to-finish general construction, airfield construction, building renovations, as well as environmental, road, and demolition projects, and much more. We take great pride in applying best practices to every task at every stage of every project and partnering with our customers to ensure projects are completed in the safest, most efficient, and cost-effective manner.

SOME OF OUR CAPABILITIES:

- Prime Contracting
- Design-Build Construction
- Pre-Engineered Metal Buildings
- SCIF Design, Construction, and Accreditation
- Airfield Construction and Repair
- Building Renovations, Additions, and New Construction
- Turn-Key Command and Control Facilities
- Site utilities and roads
- Large- and small-scale demolition

EXPERIENCE MATTERS

President of Construction Services Group, Daniel Formoso, is an industry leader who possesses an extensive background in all aspects of engineering and construction, from design-build to demolition and remediation. He has a well-earned reputation for building an outstanding team of professionals who deliver successful projects that exceed client expectations.

GRADUATED 8(A) NATIVE CORPORATION

Sand Point Services has graduated from the SBA 8(a) program. If looking for a current 8(a) corporation, please look into our sister company, TDX Quality, LLC. A partnership with TDX Quality allows for a direct award, even above the competitive threshold, and procurement can be sole-sourced and may not be protested. Contact us to learn how the 8(a) designation can benefit your agency or specific project.

LOCATION MATTERS

Headquartered in Anchorage, Alaska, Sand Point Services has offices satellite offices in New Jersey and Georgia.

TESTIMONIALS

"The partnership between Sand Point Services/TDX and USACE field staff was the key element to the project success and was truly appreciated."

—USACE CPAR,
Ft Benning Bldg 3335

"The Contractor's performance under this contract was very good. The Contract team was successful in coordinating between subcontractors and keeping everyone safe. The Contractor was very responsive to the Government issues and handled all duties professionally. During COVID, the Contractor completed the project within an acceptable time frame and made positive adjustments regarding material delivery, personnel shortages, and schedules. I would recommend them for future similar projects."

—USACE CPAR,
Ft Jackson Bldg 1889
